

Maharashtra MSME Schemes & Incentives

November 2014

Preface

The Maharashtra MSME Schemes has been compiled by Ernst & Young India LLP, the Knowledge Partner to Maharashtra Industrial Development Corporation to provide hand holding assistance to investors.

The intention is to provide executives a quick overview to the MSME Schemes of the State.

The complex decision-making process involved in undertaking foreign operations requires an intimate knowledge of a country's and a State's commercial climate as well as recognition of the fact that this climate is continuously evolving. Companies doing business in India, or planning to do so, would be well-advised to obtain current and detailed information from experienced professionals. The information presented in this book has been validated w.e.f September 2014.
